THE FLORAL PARADE

Demonstration at Los Angeles in
Honor of the President.

CROWDS TO SEE HIM.

The Chief Executive Stood Knee Deep
in Rose Leaves Thrown into the
Box at the Reviewing Stand
by the Ladies Passing.

Los Angeles, May 10.—From a broad, blue canopied pavilion, surrounded by the members of his cabinet, the governor of Ohio and notables from many states, President McKinley Thursday reviewed the floral parade of the Los Angeles carnival. The population of Los Angeles, according to the census is over 100,000, but the streets must have held almost twice that number Thursday. Pasadena, Santa Monica and other neighboring towns sent in hundreds of visitors. Every facade flamed with bunting, flags, pampas grass and red, green and orange plumes.

The president rode at the head of the parade in an open carriage drawn by six white horses with yellow satin harness. At the head of each horse walked a Spanish caballero in green velvet, trimmed in gold braid. The carriage was a mass of white and yellow blossoms. A troop of cavalry with yellow horse hair plumes waving above their helmets and wreaths of flowers across their shoulders and blanket roll of red carnations behind their saddles, headed by a band playing the "Star Spangled Banner," preceded the president's carriage.

As each carriage reached the reviewing stand, the ladies there saluted the president, who returned the greetings. He apparently enjoyed the experience greatly. Each lady carried a bag of rose leaves and after saluting the president each threw a handful of the soft petals into his box. Before the parade was over he was ankle deep in rose leaves.

Previous to the floral parade the president and his party were driven through the residence section of Los Angeles. In the afternoon, the ladies of the president's party went to Pasadena, while the president went to the National Soldiers' Home near Santa Monica. He was greeted there by 3000 veterans to whom the president made an address.

Upon his return to Los Angeles late in the afternoon the president received Governor Nash and the Ohio congressional delegation at the hotel. There was no public functions in the evening. The president and members of his party left at 5 o'clock this morning for Delmonte.

Considerable excitement was caused by the discovery after the speaking that a pickpocket had relieved two members of the party, Secretary Wilson and Col. C. A. Moore of their pocketbooks. The thief was arrested.

Medical Student Stabbed.

Louisville, May 10.—W. L. Royse, a student at the Kentucky School of Medicine, was stabbed to death Thursday afternoon by John Nithers, the negro assistant janitor at the school. The crime was committed because Royse remonstrated with Nithers for being drunk. The negro escaped after being chased through the streets for some time by a large crowd of Royse's fellow students. Royse lived at Sharpsburg, Ky.

No Watch Trust.

Boston, May 10.—A director of the American Waltham Watch company says the officers of the American Waltham Watch company have informed the promoters of the proposed watch trust that that company will not become a party to any consolidation of watch companies. Other companies also declined, so that the \$75,000,000 combination has been abandoned.

The negro has a broken leg below the knee. Anderson is in the hospital with a broken collar bone and an ugly wound in the shoulder. Sheriff Edwards received two flesh wounds in the leg.

Wheat Is Recovering.

Denton, Tex., May 10.—Since the rain the wheat that had been despaired of has come out wonderfully, and the prospects for a fair wheat crop this year are, compared with those of a few weeks ago, very good. Of course, there are many hundreds of acres that will never be cut, having been killed by the bugs before the rain.

Cattle Deal at Uvalde.

Uvalde, Tex., May 10.—An important ranch and cattle deal was transacted here. H. W. Dockery of Uvalde sold to Anthony Dibrell of San Antonio, his entire stock of cattle, with 17,000 acres of leased land. There are about 1200 head of stock cattle in the deal. Mr. Dibrell paid \$30 per head for the stock. No steers go in this deal.

Shrinkage in Stocks.

New York, May 10.—A statistical review of the transactions in the stock market Thursday shows that a low water mark in prices of 41 principal stocks shrunk to the amount of \$698,888.407. This shrinkage was largely offset by the recovery of the market toward the close.

Killing Near Alvarado.

Alvarado, Tex., May 10.—J. M. Bolder was killed about two miles south of here Thursday. J. H. Turner, a brother-in-law, came to Alvarado to surrender to the officers. Bolden lived at Mansfield. His wife and son were stopping at Mr. Turner's house. Family trouble the cause.

NOTICE.

Obituaries, accounts of society events and other matters that interest only a limited number of people cannot be given space gratuitously in the columns of the Eagle. This includes obituaries written by friends of deceased, resolutions published by lodges, accounts of private entertainments, suppers, etc. This is not intended to entirely bar notices of such matters. The publishers are pleased to have these matters called to their attention for appropriate notice in the paper either by personal request, note or telephone, but long articles of the class mentioned cannot be printed without charge as for advertisements or other matters of interest to only a few persons.

A thousand blessings upon the head of him who invented screens.

The panic in the New York stock market was a veritable cyclone while it lasted, and fortunes were shifted like snow drifts. James R. Keene and his associates are credited with winning \$22,000,000. Millionaires loaned money on the floor from 20 to 60 per cent, and the speculators' losses of paper are represented by a dollar mark, a figure 2 and nine ciphers.

COMMISSION REPORTS.

They Favor Accepting the Platt Amendment and Electoral Law.

New York, May 10.—A dispatch to The Tribune from Havana says: The constitutional convention will reconvene this morning to discuss the report of the Washington commission. Members absent in the different parts of the island have returned and there will be a full attendance. Some of the members favor accepting the report and then passing a resolution to accept the Platt amendment as it is understood in the light of that report. The sentiment seems to favor an early action, but some discussion is inevitable and a few radical members will criticize the acceptance, but will not seriously oppose it. Twenty-one members are now counted on to support the amendment, but are not fully agreed among themselves regarding the form in which the convention shall express its position.

A majority want to go forward and adopt the electoral law so that elections may be held in October. A sharp controversy has arisen over the charges that members of the Washington committee sought assurances from the administration that the Cuban bonds would be paid. They deny this matter was included in the conference with Secretary Root.

American real estate speculators who have been selling lands in the Isle of Pines on the assumption that it was American territory, are nervous over the prospect of the United States getting a naval station on the mainland and abandoning its claims to the Isle of Pines. General Wood has given a dinner to the members of the Washington committee.

Letter Mailed Years Ago.

Harrisburg, Ills., May 10.—A letter received at the postoffice in this city a few days ago shows the deliberate manner in which Uncle Sam goes about his business of delivering mail and hunting up the party to whom the mail is addressed. In 1864 Mr. G. D. Barnes, of this city, was a soldier in an Ohio regiment. One of his comrades was transferred into another regiment and when they parted they promised to write and keep each other posted as to their whereabouts and experiences. A few days ago Mr. Barnes received his friends first letter, written July 20, 1864—nearly 37 years ago. It recites the experience of the writer and those of mutual acquaintances since their separation. Where it has been hidden or what route the faded letter has taken during all these years is a mystery.

Abusive Attack on the King.

Dublin, May 10.—The police of Cork, Limerick and other towns of Ireland have seized all copies of William O'Brien's weekly paper, "The Irish People" found at the newsdealers. The offending articles were abusive attacks on King Edward, Cardinal Vaughan and the address to the king, which paper declares it was such as might have been presented to A. Lagree half a century ago. The article finds consolidation in the fact that the presentees were English Catholics, who are repudiated by only the really Catholic nation now in existence. The loyalist represented England only and if English Catholics choose to acknowledge themselves as superstitious idolators it is no fault of ours.

Young Women

The entry into womanhood is a critical time for a girl. With her whole being undergoing a change, the seeds of female troubles are sown. Little menstrual disorders, if neglected at the time, will follow the woman all her life and grow into fatal complications. That female troubles are robbing homes and filling graveyards, proves this. Yet, irregular and painful menstruation are often permitted to go on, sapping the life and energy, while Wine of Cardui, the positive relief for these ills, is on the shelf of every drug store. Wine of Cardui helps the maiden sustain the shock of puberty by inducing a painless and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Wine of Cardui is an emmenagogue of great power, and works wonders in strengthening the delicate and sensitive female organs. Many young women owe their lives to Wine of Cardui. No woman should give up hope until she has given Wine of Cardui a trial. If thousands have secured relief through it, why not you?

WINE OF CARDUI

Tully, Kas., Feb. 24, 1899.
I have suffered untold pain at menstrual periods for a long time; was nervous, had no appetite, and lost interest in everything; in fact was miserable. I have taken four bottles of Wine of Cardui with Black-Draught when needed and to-day I am entirely cured. I cannot express the thanks I feel for what you have done for me.

Seven thousand people attended the picnic at Lake Station Thursday, coming from Palestine, Taylor, Marlin, Bryan and all intermediate, as well as many outside points. The grounds are beautifully situated and well shaded. Blue rock shooting, dancing and baseball were the amusements. The lack of good music was noticeable, there being no brass band present. The crowds were so large the railroad people found difficulty in handling them. Nevertheless the day was a splendid one for meeting old acquaintances and making new ones and all seemed to enjoy the outing thoroughly.

The final meeting of the Mutual Improvement Circle was held Wednesday afternoon with Mrs. M. W. Sims and officers were elected for the ensuing year as follows: Mrs. John T. Hanway, president; Mrs. Cliff A. Adams, vice-president; Mrs. A. M. Waldrop, treasurer; Mrs. L. L. McInnis, corresponding secretary; Mrs. T. R. Batte, recording secretary; Mrs. W. S. Howell, critic. Guests were present for the social and literary features which were unusually pleasing in character.

A special train of nine coaches left yesterday over the C. W. & B. V. for Lake Station with 800 people aboard, the occasion being the great union Sunday school picnic. A brighter, happier lot of children never went for a days outing, accompanied by doting parents and friends. The Third regiment band lent inspiring music to the occasion.

Mr. C. G. Parsons of Bryan has disposed of \$28,000 worth of oil land (50 acres) in the Sour Lake vicinity and still holds ten acres. Guffey & Co., are drilling at Sour Lake and Mr. Parson's will doubtless realize greater profits when their well comes in.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

of the matter is simply this—beef cut from animals over three years old is tough, lacks flavor, and is deficient in nourishing juices. We prefer to sell flesh of YOUNG STOCK. It is delicious, tender, rich and nourishing. Much cheaper, though costing a little more money than cuts from old animals. No better meat than that sold at

during the coming summer, just address them at the Colorado Chautauqua, Boulder, Colo. You'll either find them there or at some of the other numerous Rocky Mountain Resorts. Texas has been so prosperous that the people are planning all over the state to spend the hot month in "Kool Colorado;" and the number of Southern people up there this year will be numerous. People always want the full worth of their money, and this accounts for the plans of almost every one providing for using "THE DENVER ROAD" from Fort Worth. Because, you know, we have the shortest line, make the quickest time, run the only through train—with Cafe Cars, Pullmans, Modern Coaches, Etc., so "You don't have to apologize for riding on The Denver Road!"

AMERICANS LEAVING.

They Will Withdraw from Districts Under Their Control.

WALDERSEE ADVISED

The Forbidden City Will Be Held and the Remainder Turned Over. The Sailing of Troops Was Delayed by Smallpox.

Pekin, May 10.—The Americans have evacuated the districts under their control with the exception of the Forbidden City, which they will continue to occupy in spite of foreign objections until orders to the contrary are received from Washington. As it will be impossible to turn over the American districts to the Chinese who certainly will not be allowed to keep them independently, General Chaffee, in order to prevent chaos, notified Count von Waldersee a week ago that he would evacuate those portions adjoining the British which were assigned to them and the remaining portions were assigned to the Germans.

The departure of the troops for Manila has been delayed 10 days owing to the transport Indiana being quarantined at Nagasaki, because of a case of smallpox on board. The American soldiers here have been vaccinated.

Natural Gas in New Orleans.

New Orleans, May 10.—The latest development in the oil and gas craze is domiciled in New Orleans. For a year past the artesian well in the United States custom house in this city, which has been worked by a pump, has been clogged by some sort of gas, which had filled the reservoir and prevented the piston of the pump from working properly. John W. Fink turned on the faucet of the reservoir and touched a match to it. A clear flame shot out two feet and burned steadily. The gas was pronounced by well posted men as the best quality of illuminating gas. There can be no doubting this story. A gas burner was fitted over the faucet and is burning still. The well is 800 feet deep.

Factories to Be Closed.

Sioux City, May 10.—A telegram from the head offices of the National Starch company states that the company will close all of its 11 factories as soon as the present corn supply is consumed. The Sioux City plant, which is one of the largest in the country, will continue until about June 1. The other factories are in Nebraska City, Neb.; Des Moines, Ia.; Cincinnati, Buffalo, Glen Cove, N. Y., and other places. The information sent here inclines the local management to the belief that repairs will be made during the summer and that most of the plants will be reopened in the fall. President Piel was here recently and said all the factories were overstocked.

Big Cattle Deal.

Fort Worth, Tex., May 10.—Scotty Philip, the South Dakota cattle baron, now in Texas, is arranging for the shipment of 10,000 head of cattle to his es in the northwest. He brought 10 cowboys here to take charge of these consignments, which will begin moving from Big Springs soon. It will require the use of 190 cars to transport his purchases.

Peece Duhamel, another South Dakota buyer, has bought heavily of Texas cattle, and is now shipping them to his ranges in the Cheyenne river country. The sellers and buyers are getting together on prices.

Governor Barnes to Be a Banker.

Guthrie, O. T., May 10.—Governor Barnes, who will retire from office next Monday, has accepted the presidency of the new Logan county bank, which has been organized here by St. Louis capitalists who are connected with the Lafayette bank of St. Louis. This will be one of the leading financial institutions of the Territory. The same parties will finance the railway to be built from this city to Shawnee. The new bank will open for business May 15.

Woolfork Returned for Trial.

Pine Bluff, Ark., May 10.—Henry Woolfork, charged with being an accessory to the killing of George Pickett, was brought to Pine Bluff from Little Rock for trial. The fact that Woolfork is in jail here is zealously guarded, as officers fear he might be lynched. Woolfork was spirited away from Pine Bluff several nights ago, just before a crowd had surrounded the jail.

Fatal Cutting Affray.

Dallas, May 10.—Giles McLean, a negro boy about 16 years of age, was stabbed by another negro boy in an affray. The weapon used was a pair of scissors and the wound was directly below the left collar bone. McLean died about three quarters of an hour afterward. He was a bootblack. The boy who is said to have done the cutting has not yet been arrested.

Merchant Shot.

RATES NOT ADVANCED.

High Prices Will Not Prevail During the Reunion at Memphis.

Memphis, May 10.—At a meeting of the general executive committee of the Confederate reunion letters from out of town people stating that reports had been circulated to the effect that visitors would be charged exorbitant rates by hotels and boardinghouses during the reunion. The Associated Press was asked to give publicity to the following resolution passed by the committee:

"This committee after a most thorough investigation denies the report that the hotels and boarding houses of this city have advanced their rates during reunion week. Rates have not been advanced but more people than usual will be assigned to rooms."

With regard to providing food and shelter to those old soldiers who do not feel able to pay their expenses, the following resolution was adopted:

"Any Confederate veteran in good standing with his camp or in his community unable to pay his way will be furnished with a badge, lodging and meals without cost to himself."

B. Y. P. U. Election.

Dr. W. H. Broughter of Chattanooga, Tenn., spoke on the organization of our young people for public work in the local church. Two-minute talks on practical work followed.

Night session was talked up by discussions on the Twentieth Century Baptist and his equipment for service.

Dr. C. H. Broughter of Clinton, Miss., spoke on the intellectual side and Dr. L. C. Broughter of Atlanta on the spiritual side.

Election of Officers.

New Orleans, May 10.—The First Presbyterian church was crowded to the doors here when Ex-Governor W. J. Northern of Georgia, its president, formally opened the forty-sixth annual convention of the Southern Baptist association. The delegates were very largely made up of men. The Women's Union convened in the Young Men's Christian Association hall. The convention was opened with the hymn, "Nearer My God to Thee," in which the entire audience joined. Dr. E. D. Gray of Birmingham, delivered the invocation and Hon. Joshua Leavering of Baltimore, offered prayer. Dr. Hatcher inaugurated a short experience meeting and then Secretary Lansing Burrows read a list of 1440 delegates, among whom were Governor W. W. Heard of Louisiana, and Governor A. H. Longino of Mississippi, both of whom were present. The convention elected the following officers by acclamation: President, Ex-Governor W. J. Northern; secretaries, Lansing Burrows of Nashville and O. F. Gregory of Baltimore; vice presidents Governor W. W. Heard of Louisiana, Governor H. H. Longino of Mississippi, Ex-Governor J. P. Eagle of Arkansas and Rev. T. T. Eaton of Louisville.

Pan-American Sunday Opening.

New York, May 10.—At the meeting of the board of managers of the American Sabbath union, the opening of the Pan-American exposition at Buffalo on Sunday was discussed and resolutions were adopted denouncing the directors for disregarding the petition "of 2,000,000 individuals, representing a constituency of 22,000,000 of ecclesiastical, civic, humanitarian and labor organizations," by deciding to throw open the gates of the exhibition on Sunday. The resolutions stamp the directors' action as an affront to the religious conviction of a majority of the people of the empire state. Ministers of the gospel throughout the country are asked in the resolutions to preach upon the subject before the formal opening of the exposition May 20.
